### **Leaf Drop-off Resumes at City Public Works**

The City of Hood River is resuming leaf drop-off at the city's public works facility effective immediately in response to concerns from residents that this service is important during fall season.

City residents may bring leaves to Hood River Public Works between 8:00 a.m and 5:00 p.m. Mondays through Fridays until the first significant snowfall. They are also encouraged to place leaves in yard debris roll carts for pick up by Hood River Garbage Service on regularly scheduled pick up days. The city's Director of Public Works Mark Lago reminds the public that it's essential for residents to keep leaves out of street gutters to prevent storm drain clogging, damage to the storm-water system, or risks of street flooding.

Lago also reminds the public to clear solid waste roll carts from curbs promptly for street cleaning and snow removal.

The City of Hood River Public Works Department is located at 1200 18<sup>th</sup> Street, Hood River. Vehicular speed limit in the yard is 15 mph, and caution should be exercised around city and county vehicles and equipment. For further information, contact City of Hood River Public Works Department at 541-386-2383.
